

Baby Mine!

Every mother feels an indescribable dread of the pain and danger attendant upon the most critical period of her life. Becoming a mother should be a source of joy to all, but the suffering and danger of the ordeal make its anticipation one of misery.

MOTHER'S FRIEND

is the remedy which relieves women of the great pain and suffering incident to maternity; this hour which is dreaded as woman's severest trial is not only made painless, but all the danger is removed by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distressing conditions are avoided, the system is made ready for the coming event, and the serious accidents so common to the critical hour are obviated by the use of **Mother's Friend**. It is a blessing to woman.

NO HALTING.

Business Gets Better as Fall Seasons Advance.

PRICES GOING UPWARD.

Large Increase in the Number of Wage Earners and in Values.

THE GENERAL STATE OF TRADE.

New York, Sept. 10.—R. G. Dun & Co.'s weekly review of trade, which issues to-morrow, will say:

There is no halting in the advance. Business grows better in all ways, for while its speculative and breaks conspicuous gambles for a decline, a steady increase in production, in working force and in the power of the people to purchase is the feature which overshadows all others. Reports of New York trade unions show an increase since one year ago of 84 per cent in the number of men at work, and a similar increase among men in like positions throughout the country would exceed 340,000, while every week adds many establishments to the active list. The coal miners' strike has disclosed such facts and brought to light such differences that work will probably be very soon resumed by a large share of the men. The farmers are helped by higher prices for wheat, and while Western receipts do not show that they have marketed a tenth of their crops, assurance of a handsome profit to come prepares them to buy liberally hereafter. Because of this and the increase of hands at work dealers throughout the country have started to replenish stocks, which is the great force at present operating in manufacturing and trade, through distribution by retail trade has greatly increased. A gain of 12 per cent in one month in the output of pig iron, from 165,378 tons August 1 to 185,506 September 1, with knowledge that half a dozen other furnaces are preparing to resume, and that unsold stocks have been reduced 14,400 tons weekly in August, indicating consumption of about 190,000 tons more than explains the moderate advance in prices of finished products, averaging but 6 per cent since the lowest point, August 12. Pig is a shade stronger at Chicago, but the proof that the advance is healthy is found in the growing demands of consumers, especially for bars, with inquiries for 500,000 tons reported at Chicago, for structural work, including 12,000 tons for Santa Fe bridges, for all sorts of car material, including 10,000 axles, and for plates, especially for shipyards on the lakes, so that the most prices have advanced \$1 per ton. Rods, sheets and merchant pipe are in heavy demand. Copper is steady and lead a shade stronger at 4 1/2c and the production of coke has reached 124,000 tons, with 12,717 ovens in operation.

Wheat has risen 5c the past week, not in a flurry, but in answer to the daily increasing foreign demand. Though reports of the crop, now almost wholly out of danger, indicate a yield never surpassed but once, foreign accounts still strengthen the belief that the deficiency abroad will be about 100,000,000 bushels more than usual, and meanwhile reports indicate that less corn than was expected will be available for export. Its price has risen about 3/4c. While wheat receipts at Chicago have been breaking the records, receipts at all the Western points are for the week a little below last year's, but Atlantic exports, 9,778,138 bushels (flour included), against 4,270,755 last year for two weeks, with 5,579,771 bushels corn, against 3,570,704 last year, indicate a foreign demand apparently limited at present only by ship room.

Since the small corner in August, cotton has relapsed to 7 1/2c, no rumors affecting prices much. Northern mills are consuming very largely with a continuing demand for goods, which has advanced the prices of many. With enormous speculative sales of wool, which appear to constitute most of the market at Boston, there is also more buying there and elsewhere by the woolen mills, which are enjoying extraordinary demand for goods at prices averaging not 10 per cent higher than was paid early in the year.

The average advance for the week in sureties has been \$1.12 per share for railroads and 79c for trusts.

Failures for the week have been 215 in the United States, against 315 last year, and 36 in Canada, against 47 last year.

A Medical Student.
Each student of medicine, before graduating to become a doctor, has to undergo a catechism, to see he is competent to practice medicine. Here is a sample of what he must answer:

Question: What is the cause of general weakness and tired-out feeling? Answer: Poor digestion. Question: What is the cause of poor digestion? Answer: Catarrh of the lining membrane of the digestive organs? Answer: Stomach, liver and bowels. Question: How then, can the weakness and tired-out feeling be cured? Answer: By curing the catarrh of the digestive organs. Question: What remedy would you use for this? Answer: Pe-ru-na is the only internal remedy for chronic catarrh. Pe-ru-na cures catarrh wherever located. Question: What is meant by the term female diseases? Answer: It means simply catarrh, of the pelvic organs. Question: Will Pe-ru-na also cure catarrh of these organs? Answer: Yes. Pe-ru-na cures catarrh wherever located.

A beautiful illustrated and instructive book, written by Dr. Hartman especially for women, will be sent free for a short time. This book is for women only. Address The Pe-ru-na Drug Manufacturing Co., Columbus, Ohio.

GOOD TIMES.

Senator Lindsay Says an Era of Prosperity Has Begun.

Price of Products Other Than Wheat Make It Certain.

Frankfort, Ky., Sept. 11.—Senator Will Lindsay looked up from a big law brief this morning long enough to answer some persistent questions of the Times' correspondent, as follows:

"The indications of improving business conditions in Kentucky are unmistakable. The increased prices of agricultural products are generally relieving the pressure under which the farmers of the country have been laboring during the past four years. I wheat alone was commanding a better price, it might be inferred that the case was exceptional and resulting alone from the failure of the wheat crop in other grain growing countries, but corn, barley, potatoes, hogs, beef, tobacco, and, in fact, every agricultural product is following the lead of wheat. Universal economy in expenditures is no longer necessary. Many debts have been paid and many will be paid with the proceeds of the crops now being sold, and, as consumption increases, all kinds of business will naturally look up. The acute stage of the movement in favor of cheap money and silver monometallism has been passed, and reviving confidence is encouraging legitimate business enterprises."

"We are not likely to have flush times in the near future, and relief from the effects of the financial depression under which the country has been suffering must come gradually, but it will come. Just in proportion as the people realize that they must rely upon their own efforts, and that Congress can not reestablish prosperity by law, the sense of confidence and security will thereby be promoted, and will encourage the use of the money of the country in active business operations and thus make times better."

"We have been told time and again that falling prices make times hard. If such be the case the converse of the proposition must be true, that increasing prices will make times good. I do not look for a phenomenal change of condition, but we have reason to expect that conditions will gradually but steadily change for the better."

For Infants and Children.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alternative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at J. H. Williams Drug Store.

Please buy and try a box of C. C. Candy Cathartic, 10, 25, 50 cents. Sold and guaranteed to cure by all druggists.

In face of the facts that Kentucky's wheat crop is worth \$7,000,000, that more than \$600,000 worth of fat cattle and \$100,000 worth of walnut logs have been recently sold in the bluegrass alone and that corn, potatoes and oats, and other farm products are bringing good prices all over Kentucky the man who persistently insists that times cannot improve until free silver is imposed on the people must indeed have something the matter with his liver. —(Bourbon News.)

What Wamamaker Says.
John Wamamaker, the great Philadelphia merchant, said in a recent interview: "I never in my life used such a thing as a poster, or dodger, or handbill. My plan for twenty years has been to buy so much space in a newspaper and fill it up as I wanted. I would not give an ad in a newspaper of 600 circulation for 5,000 dodgers or posters. If I wanted to sell cheap jewelry or run a gambling scheme I would not insult a decent reading public with handbills. The class of people who read them are too poor to look for support in the mercantile affairs. I deal directly with the publisher. I say to him: How long will you let me run a column of matter through your paper for \$100 or \$500, as the case may be. I let him do the figuring, and if I think he is not trying to take more than his share, I give him the copy. I lay aside the profits on a particular line of goods for advertising purposes. At first I laid aside \$3,000; last year I laid aside and spent \$40,000. I have done better this year and shall increase that sum as the profits warrant it. I owe my success to newspapers, and to them I freely give a certain profit of my yearly business."

Kicked By a Cow.
Lines written in memory of Little Eddie Kelley, the 7-year-old son of James G. and Sarah Kelley, who reside near Rensselaer, Ohio county. The cause of his death was a kick from a cow in the abdomen. He was standing near his mother, while she was milking on Sunday afternoon, August 20th, 1897, living till the following Wednesday. The little fellow suffered untold agony till death relieved him. His remains were interred in the Fisher cemetery.

At sleeping, little Eddie, Upon thy narrow bed, Oh fair the pure white flowers And violets around thee spread.

How still he lay to do his hands, How black the half closed eyes; At sleeping, little Eddie, Sleeping so silently.

At sleeping, darling Eddie, We call to thee in vain; Most desolate our hearth and hearts, Oh, wake, and come again.

We miss thy coming footsteps; We miss thy laughing tones; Thy thousand pretty, winning ways, Are they forever gone?

At sleeping, dearest Eddie, The holy prayer was said, And "earth to earth and dust to dust."

We laid thee with the dead. Gently we laid our treasure down, In faith a holy trust; And sweetly in the old graveyard Doth sleep thy precious dust!

At sleeping, angel Eddie! Upon the Savior's breast, Safe within his precious fold Our little lamb doth rest.

Oh keep him, blessed Jesus, Our little treasure keep, Till we like angels Eddie, In thee shall all asleep.

His remains were interred in the Fisher cemetery.

At sleeping, little Eddie, Upon thy narrow bed, Oh fair the pure white flowers And violets around thee spread.

How still he lay to do his hands, How black the half closed eyes; At sleeping, little Eddie, Sleeping so silently.

At sleeping, darling Eddie, We call to thee in vain; Most desolate our hearth and hearts, Oh, wake, and come again.

The Populists of Ohio county still want to know about that fusion device.

Judge Cantrill is through with his "washing." It was not as big a job as he had hoped.

When you vote the Republican ticket you vote for the party who believes in home industry.

Sheriff Martin and sixty-four of his deputies, charged with killing striking miners at Lattimore, Pa., on September 10, have been held on a bond of \$10,000 each.

After a three weeks drunken spree, Frank Denny, a farmer living at Union City, Ky., drank a half gallon of alcohol and died. He served with distinction in the Union army.

There is no sacrifice of principle for two parties to use under an independent device, but when the device of an old party is accepted there is a surrender of principle, which the Populists will not submit to.

At Greenville last Tuesday George Baskett was sentenced to the penitentiary for a term of ten years for participating in the White murder case at Owensboro last November. The cases against the other three participants were dismissed. This ends one of the bloodiest chapters in the history of Kentucky.

OUR POSITION.

Our free silver neighbor, the Herald, never sees anything good but what comes through their channel, and is so blinded by party prejudice that it cannot see anything good in other parties save its own. The editor of THE REPUBLICAN is different along that line. Last year during the McKinley-Bryan campaign he thought perhaps it would be a good thing for the people to have the free and unlimited coinage of silver at the ratio of 16 to 1, but seeing the folly of the thin argument as presented by the free silver men he has concluded that the policy of the Republicans were right and that we have the best monetary system in existence.

Since the election last fall we have seen the fruits of the Republican party put into operation in the opening of mills, factories, and a general revival of all of our industrial interests, which proves conclusively that our country is more prosperous under the gold standard than any of the free silver countries under the free and unlimited coinage of silver. With thousands of other men, we could no longer kick against the solid truth and we have to admit that under Republican rule this country is more prosperous. All farm products are bringing good prices, better than we have had since the Harrison Administration. We know of nothing to prevent accession to the Republican party, for there are thousands of men who supported Bryan last fall who will not vote the free silver ticket this fall.

The policy of THE REPUBLICAN will remain the same in the future as it has in the past, the Herald to the contrary notwithstanding, and the silly bosh coming from that sheet is now being ridiculed by honest, thinking people. No, no, sonny, we are here to stay and will fight for the Republican ticket and will expose your silly bosh on every occasion and will publish the prosperity news which you now suppress every week.

The verdict of the jury in Judge Cantrill's "dirty linen" case was "not guilty."

The silverites insist that the rise in wheat is due to scarcity only. But how about wool.

The Democrats and Populists of Ohio county are getting further apart every day as the campaign progresses.

Frost during the past week, has done considerable damage to growing crops in Kentucky, Indiana and Tennessee.

The farmers are rapidly getting back the \$80,000,000 which they lost in the value of their sheep under free trade.

If fusion under the Plow and Hammer will kill the Democratic party, what will fusion under the Rooster do to the Populist party? Echo, answers, kill it.

The announcement of the coming nuptials of Miss Emma Sharp, of Owensboro, and Mr. Jack Hodge, of Chicago, have been declared a fake.

The candidates on the fusion ticket are against the Hon. J. E. Rowe and are trying to get him off of the ticket. Wonder how Mr. Rowe's friends feel in regard to the matter?

"BECAUSE it is my deliberate judgment that the prosperity of America is mainly due to its system of Protective Laws, I urge that Germany has now reached the point where it is necessary to imitate the Tariff system of the United States,"—[Bismark.

The county campaign is progressing nicely and everything points to the election of the entire Republican ticket. The people recognize in the men nominated by the Republican convention the proper ones to conduct the affairs of the county and believing them to be the best for that purpose they will vote for them.

A MAN with a loaded revolver was arrested in the White House grounds Monday after he had sought in vain to secure an interview with the President. He was evidently a crank, but his presence in the grounds, his preparations for hostilities and above all, his actions for the past few days lead to the belief that the man was much more dangerous than the average lunatic.

"THE benefit of protection goes first and last to the men who earn their bread in the sweat of their faces. The auspicious and momentous result is that never before in the history of the world has comfort been enjoyed, education acquired, and independence secured by so large a majority of the total population as in the United States of America."—[James G. Blaine.

MEXICAN workmen, who get less than half what those of the United States get, are having a hard time now that they must take pay in 40 cent dollars. The American carpenter gets \$2.50 per day in good 100 cent dollars, while the Mexican carpenter gets \$1.25 in coin worth 40 cents on the dollar. The real value of the \$1.25 which the Mexican gets is just 50 cents, against \$2.50 which the American carpenter gets.

UNCLE Richard Bland says the rise in wheat is due to scarcity, and that the silver question has nothing to do with it. Is it not possible, Uncle Richard, if high prices are produced by scarcity and have no relation to silver, that low prices were due to plenty and also had no relation to silver? It's a poor rule that don't work both ways, Uncle Richard. We all know that wheat was plenty and the cost of production is much less than ever before.

THE statistics of the cotton crop for last year show it to have been 8,757,964 bales. It has been sold for about \$350,000,000, or something more than the total volume of the green-back currency. This is more than five times the value of the annual silver product of the country. What folly is it then for the cotton growers to think that their prosperity depends upon "doing something for silver," when all the silver produced in the country would not buy one in five of their cotton bales.

UNION.
Miss Siddle Davidson, who has been sick the past two weeks, is improving.

Mrs. Nettie Hocker and children were the guests of Mrs. Sue Hocker, of Beaver Dam, last week.

The singing school closed at this place last Sunday.
Mr. Richard Plummer is building a new house. Mr. Mason Taylor is preparing to build a new house.

Miss Mittie Taylor gave a party last Friday evening, which was very much enjoyed by all present.

Mr. Silas Stevens has bought a new wheat drill. Our most progressive farmers have learned that to make a success of farming they must have improved machinery.

Of Interest to Farmers.
Dispatches to Wednesday's Courier Journal says:
A genuine frost fell Monday night in this State, Indiana and portions of Tennessee. It was at first supposed that it was too light to do much damage, though there was a very uneasy feeling upon the tobacco "breaks." Reports soon began coming in, however, which stated that in exposed portions the tobacco was killed and the corn was frosted. One

farmer, Mr. E. H. Smith, of Owen county, exhibited a tobacco plant which leaves so blackened by the frost that it was plainly to be seen the damage was not exaggerated. A telephone message from Mr. Will Clay, of Mt. Sterling, said one hundred acres of tobacco had been ruined at that town. A dispatch from Paris said that a good deal of Bourbon county tobacco had been caught, and similar reports came from Madison, Shelby, Woodford, Hart and many other counties in the burley belt.

News from the dark tobacco section was equally discouraging. Telegrams were received from A. C. Tompkins & Co., J. S. Paelin & Co., of Owensboro; O. D. Haynes & Co., of Whitesville, Daviess county, and many other dealers and farmers deploring the damage in their respective localities.

The best informed warehouses in the trade said their advices were that a large portion of the late planting was in the field and they thought it would be ruined. The Weather Bureau Crop Section Bulletin estimated the proportion of uncut tobacco at twenty-five per cent.

The amount of corn that was caught was small, but all the late vegetables were killed and as a consequence have advanced sharply on the market.

ROUGH RIVER IMPROVEMENTS.
Sunday's Evansville Courier contained in part the following notice in regard to Rough River navigation:

Here the government has expended considerably over \$100,000 in the construction and maintenance of a lock and dam about nine miles above the mouth of the river, with a view of providing slack water to Hartford, the county seat of Ohio county. The appropriations for this work have been as follows: Sept. 9, 1890, \$25,000; July 14, 1892, \$15,000; Aug. 17, 1894, \$22,500; June 3, 1896, \$43,000. Total, \$105,500.

The river is narrow and covered on both sides with heavy forests of timber which, on account of natural decay and the effect of storms, is constantly precipitated into the streams, thus requiring very constant vigilance to keep the channel clear. Overhanging timber and boughs also tend to obstruct navigation.

At this time the navigation on this stream is entirely suspended by reason of an accumulation of these obstructions in its channel.

It is of vital importance to the country which this improvement was designed to benefit that the channel of Rough river be cleared of this impediment at once, and the convention is urged to call the attention of the government authorities to the matter in as impressive a manner as possible to the end that the people of Ohio county may have restored to them the necessary means of transportation of their products and the procurement of supplies. A very large scope of country is very seriously inconvenienced by the suspension of navigation on Rough river.

The city of Hartford which is an important trade center for a large territory, is very greatly dependent on the river for transportation.

Many points along the river, and especially on the north side, are almost wholly dependent on the river, without which the only method of transportation is by wagon for long distances to railroads in the southern and eastern parts of the county.

Emancipation Celebration.
The first celebration of the emancipation proclamation by the colored citizens of Ohio county was had here last Wednesday. This event had been advertised for some days and all seemed to realize the importance of the occasion and 'twas discernable at break of day that something unusual was on hand as the colored visitors and citizens were then pouring into town.

It was about 10 o'clock when a procession was formed near the corporate limits of the town and at 10:30 o'clock at the command of Marshal of the day, the column, headed by the Hayti Colored Brass Band to the tune of "Rally Round the Flag" began to move. In the procession were floats which represented many different industries and avocations adopted by colored citizens as a means of gaining a living in this busy bustling world. Among these were floats representing the farm, workshops, mills, laundry, factory school room, arts and music.

The decorations were elaborate and artistically arranged and showed that the decorative art too, had attracted and received a consideration by the colored race in their rapid progress since the days of slavery. The procession paraded the principal streets of our town and then repaired to the McHenry Grove just below town where an excellent and bountiful dinner was spread. After all had dined sumptuously, the emancipation proclamation was read by the talented Miss Lena Arche, in a manner to display her elocutionary powers and show the progress made by the race in that line. After this was had the oration of the day by Prof. W. G. Newton, principal of the Hayti colored schools, in which he eloquently reviewed the history of the race, touching upon the dark ages of slavery, its abolishment, the extension of the rights of refuge to them by the National Congress and the general great progress made by the race in such a short time since their freedom.

The day having passed most pleasantly the procession formed in line and again paraded the principal streets, and after supper met at the Court House where the crowd was entertained with music by the Hayti Cornet Band and speaking by Rev. J. W. White and Prof. P. A. Gray, after which, all feeling that they had had a grand good time, repaired to their respective homes, resolving that in the future they would annually celebrate this grand event in this history. To say that the whole affair was a grand success in every particular will be putting it mildly.

An Abscess

In the Stomach Caused Great Suffering—Was Confined to the Bed But Now Able to Work.
"In October, 1895, I had an abscess in my stomach. I was also taken with pleurisy and coughed very badly. I was treated by physicians but did not improve. I gave up all hope of ever getting well. My right side was swollen and I was not able to walk across the room and was confined to my bed. I was advised to try Hood's Sarsaparilla and began taking it. In three days I could see a change for the better. I kept on taking Hood's Sarsaparilla until I had taken four bottles and continued to improve. I am now able to do good day's work on the farm."

CENTERTOWN.

Mr. Robert James has left us to accept a position with a livery firm at Beaver Dam.

Mr. P. H. Ross has returned from Texas to take charge of his school, but after one day's work he had to stop his school for a few days on account of his health.

Prof. H. H. Davis came home from his school last Friday on the sick list.
Miss Katie Hawkins, from above Hartford, visited friends here last week.

Rone & Co. are erecting a nice business house on Main street.

Reneer Bros. have taken their saw mill out on Rough river where they have a large lot of logs to saw.

Mr. Willie James, of Point Pleasant, entered school here last Monday. Our school is progressing very nicely; very good attendance of district pupils.

We have been treated to some good music lately by Mr. Robert James and Mr. Jake Warden.

REX.

President McKinley was called by some prophetic follower, "the advance agent of prosperity." Between November and March the Free Traders more than once in an effort to be smart, said that never was an "advance agent" so far ahead of his show. As was pointed out to them at the time, the delay in the coming of the "show" was due to the United States constitution, which put so long a time between the election of a President and his inauguration. How do those Free-Traders like things now? Even the most hide bound do not deny that prosperity is here; is not in the future, but in the present. The "show" was not far behind the advance agent as soon as the advance agent got a chance to get in his work. —[Economist.

Daviess County Fair.

Preparations for the fair are going on rapidly. The fences and all the buildings are resplendent in a new coat of whitewash, and every piece of rubbish of every kind has been removed from the grounds. The track has been put in excellent condition, and with the rain that is sure to come a week beforehand it will be perfect. There are already a number of horses on the grounds and inquiries and orders for stalls are coming in every day. It is evident that as much stock will be on hand as has ever been seen, and much of it is of better quality than is usually seen. There is every chance that the track record in the trotting races will be lowered this year, and at any rate there will be some fine sport.

One of the principal attractions this year will be the balloon ascensions of Prof. W. Z. Love. He will go up each afternoon to a height of more than a mile, and will be shot out of a cannon at the tremendous distance from the earth. This is a distinct novelty in aeronautics and will be appreciated by the people.—[F. Quier.

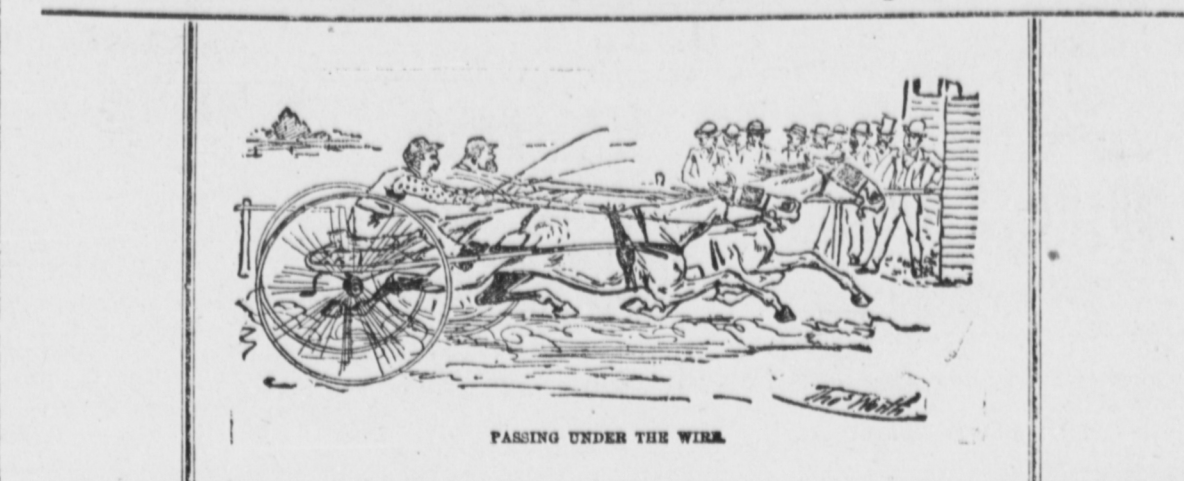

Felt & Co. want 50 pieces of white linen.

Stop dragging yourself with quack nostrums or "cures." Get a well-known pharmaceutical remedy that will do the work. Catarrh and Cold in the head will not cause suffering if Eli's Cream Balm is used. Druggist will supply 10c. trial size or 50c. full size. We mail it.

ELY BROS., 56 Warren St., N. Y.
Rev. John Reid, Jr., of Great Falls, Mont., recommended Eli's Cream Balm to me. I can emphasize his statement. "It is a positive cure for catarrh if used as directed."—Rev. Francis W. Poole, Pastor Central Pres. Church, Helena, Mont.

OHIO COUNTY FAIR AND RACES

Hartford, Kentucky.

Sept. 30 and Oct. 1 and 2

The Fair Company has made extensive preparation for the immense crowds this fall, and added some valuable premiums, which are certain to attract the people. They have gone to a big expense fixing and improving the grounds and race track, which is second to none in the country.

Running and Trotting Races each day and unusual attractions in every Department.

Encouraged by the splendid success of last year's exhibit, the company intends to make the coming Fair one of unusual importance and pleasure to the people. The prospects are better for a Fair this year than they have ever been. Bountiful crops and successful farming have conspired to make times good, and the farmers are contented and happy. Everybody can afford to spend the small sum of TWENTY FIVE CENTS to see the great attractions and their many old friends again this year. The Floral Hall display will be better this year than usual, while the Races will be more frequent and exciting than ever. Ring horses will be on hand in abundance, and blue and red ribbon will be in much demand. In short, it will be an old-fashioned Fair of the most enjoyable kind, where no intoxicating liquors will be sold, and where everybody will have the opportunity of meeting together in social converse and invigorate sightseeing.

WHY Rent When you can Own?

You rent year after year, and have no farm when you get through. The landlord has your money and the farm at the end of the year. We offer you Ohio River Bottom land, in Ballard county, one of the best counties in Kentucky, on the following reasonable terms:

50 acres at \$14.00 per acre . . . \$700.00
Cash 50.00
First year 50c per acre . . . 25.00
Second year, \$1.00 per acre . . . 50.00
Third year, \$2.00 per acre . . . 100.00
Fourth year, \$3.50 per acre . . . 175.00
Fifth year, \$5.00 per acre . . . 250.00
Sixth year, \$6.50 per acre . . . 325.00

Total cost of 50 acres . . . \$700.00
This land produced the past season of 1896, 80 bushels of corn per acre, and 5 acres of Early Rose Potatoes produced 2,000 bushels, or 400 bushels to the acre. 10 acres of Prior Tobacco made an average of 1,200 pounds to the acre, which brought in the market \$5 for leaf and lugs; 1/2 acre of late cabbage brought \$50, sold at Cairo.

You can raise twice as much on a good bottom farm as in the hills, and your land don't wash away or wear out.

There has been no drouth in Ballard county this year and crops are splendid. They are good every year. We have good farms for sale on long time, at bargain prices in Daviess Ohio and McLean counties cheaper than anyone else will sell you. We will exchange any farm we have for others.

53 acres, 4 miles from Hartford on Owensboro road, for sale at \$10 per acre.
For plat and further particulars apply L. Freeman Little, over Bank Commerce, or Hugh A. Williams, 214 1/2 Third Street, Owensboro, Ky.

Ten Dollars a Week for Eight.
It does not seem possible that a table for eight people can be provided for ten dollars a week. But Mrs. Rorer, the most famous cook in America, says it can be done. She has tried it and knows. She proves her case in "The Ladies' Home Journal" for October. She gives twenty-one menus covering a week's meals, and gives full, practical directions by which any woman can make as attractive meals as Mrs. Rorer explains, for this small sum of ten dollars.

The Ohio County Sunday School Union will meet in convention at Beaver Dam on Friday and Saturday, October 8 and 9, 1897. It is desired that a full delegation be present from each Sunday school in the county. Each school is entitled to two representatives. A State representative is to speak on Friday evening, who's name we have not yet learned.

The Ohio County Fair begins Sept. 30.

Ladies Corsets 25c at Carson & Co's.

New hats and caps at Carson & Co's.

Let joy be unconfined and attend the Ohio County Fair.

There will be many New Attractions at the Fair this year.

Don't fail to attend the first three days of the Fair this year.

Don't forget—three days only—the Ohio County Fair—Sept. 30.

New Calicoes, new Percals, Gingham and Sulloline at Carson & Co's.

Rev. J. S. Chandler is attending Conference of Henderson this week.

Don't forget the date of the Ohio County Fair—Sept. 30, Oct. 1 and 2.

Rev. Whittinghill is conducting a protracted meeting at Equality church.

Dr. Alex Foster, of Louisville, spent a few days with relatives here this week.

Mr. W. H. Griffin made a business trip to Elkton and Elizabethtown this week.

Mr. C. T. Whittinghill, of Shreve, sold his tobacco a few days ago for \$7 per hundred.

Miss Berdie Nall, who has been spending some time in Madisonville, has returned home.

Mrs. J. W. Tabor, of Fordsville, was the guest of her brother, Dr. J. R. Pirtle, this week.

George Brown, one of our most respected colored citizens, died at his home in Hayti last week.

Everything amusing, pleasing and captivating will be seen at the Ohio County Fair this year.

Prof. Alva Taylor, who is teaching school in Alexander district near town, is on the sick list.

A fine brass band has been engaged to make music for the Fair this year. It will be worth going miles to hear.

You'll see nothing quite so good this year, so don't miss the Ohio County Fair. Bring your neighbors and friends.

The Fair has always been an enjoyable occasion to the people of the county. This year will be no exception to the rule.

Mr. Ed Davidson, of Davidson Station, sold 1000 bushels of wheat a few days since for \$1,000 cash. Pretty good under Republican rule.

The Ohio County Fair never had so many exciting Races as will come off this year. The track is in splendid condition and the sport will be fine.

Mr. Steven Woodward, of the Shinkel Chapel neighborhood, who has been confined to his bed for the past twelve weeks is we are glad to state improving, and it is hoped, will soon recover.

Hon. Joe Noe, of Owensboro, was in town this week. Mr. Noe is quite a pleasant gentleman and has many friends in this county who insist that he shall be elected Commonwealth's Attorney in November.

Mr. Camden Riley, Sr., one of the oldest lawyers at the Owensboro bar, died at his home in that place last Saturday night. He was one of the best respected citizens of Daviess county and had accumulated quite a fortune.

On October 6th our young friend, Mr. Lem H. McHenry, will lead to the hymenal altar Miss Elizabeth Cecil, of Danville, Ky. Lem has many friends in this place as any young man that ever lived here, and well merits the hand of one of the blue grass' fairest maids. He is a young lawyer of rare ability and has a bright future. Miss Cecil comes of one of Kentucky's most honored families, is educated, refined and polite. We wish them much happiness.

A Sad Accident.
Last Saturday while Miss Eliza Sharp, of near Fordsville, was splitting some kindling a stick flew up striking her in the temple, rendering her unconsciousness. She was at once carried into the house and a physician summoned and what relief could be given her otherwise was given, but all was of no avail, as she lived only a few hours. She had just developed into womanhood, and was well respected by everybody that knew her.

She was the daughter of J. W. Sharp, who with his family have the sympathy of the community.

For Sale.
About one hundred acres of land, known as the poor-house farm, to be sold at once by order of Court. Part of it is timbered. This is part of the poor-house farm.

The OHIO COUNTY FAIR, three days only, commencing Wednesday, Sept. 30.

Exciting races will be the main feature of the Fair. You can't afford to miss them.

Some people will come to the Fair expecting to meet YOU there. Don't disappoint them.

Mrs. Craig and Mrs. Dr. Hale, of Owensboro, were the guests of Mrs. T. L. Griffin this week.

Farmers who have large families to shoe should consult Fair & Co. Their prices are the lowest.

Mrs. A. J. Casey and children, of Nashville, Tenn., are visiting the family of her father, Hon. E. D. Walker.

Mr. W. F. Schapmire, who has been confined to his room with fevers for the past ten days, is able to be out again.

Hon. E. D. Gufty, wife and little daughter, Mercedes, and Miss Annie Tobin, of Frankfort, will visit Mrs. E. B. Allen next week.

There are two little boys at the county poor house who can be adopted by reliable parties. Apply to poor-house commissioners.

The thousands who attended the Fair last year were loud in their praises of it. The company have determined that this year shall be better than ever.

All persons knowing themselves to be indebted to me by note or account will please call and settle same, and greatly oblige,

D. M. HOCKER, C. O. C. C.

If you miss the Fair this year you will regret it. It will be a great meeting place for old friends for many miles around. You will meet people whom you had not seen for years. Don't deny yourself this pleasure.

Miss Sarah Collins has bought for Carson & Co. the prettiest line of Millinery Goods ever shown in their store. These goods are now on exhibition and it will pay you to see them before purchasing elsewhere.

Mr. T. J. Morton and sisters entertained a few of their friends at Crokonole Tuesday evening in honor of their friend Mr. To Kudo. Mr. Kudo will leave Thursday for Harvard College where he will enter school for the next year.

Thursday morning at 11 o'clock Mr. C. M. Crowe will be married at the M. E. Church to Miss Myrtle Chandler. Mr. Crowe is a young man of much ability. His energy, knowledge and talent have long since made him one of the leading teachers of Ohio and adjoining counties. His progressive spirit rapidly brought him from the small country district schools to those of the larger towns in the county, and he now holds the responsible position of Vice President of Hartford College. Miss Chandler is the charming daughter of Rev. J. S. Chandler, the pastor of the M. E. Church at this place. Her beauty and winning ways have won for her, many friends and admirers among the people. All congratulate them on their bright hopes. No cards have been issued. The wedding will be public and all friends are invited.

W. L. Cecil Dead.
Mr. W. L. Cecil, of Whitesville, died of typhoid fever at 8 o'clock Tuesday morning, after an illness of about three weeks. He was 26 years of age. He was married on the 15th of April 1896, to Miss Olivia Wedding, of Whitesville, and his wife and one child survive him. He went to Whitesville in 1893 to accept the position as depot agent for the Falls of Rough railroad, which position he was filling at the time of his death. The remains will be buried at St. John's Hardin county, the former home of the deceased. Mr. Cecil was a highly respected young man and was one of the most trusted employees of the railroad company.

Mrs. Cecil is a niece of Hon. J. S. R. Wedding of this place.

School Notes.

Mr. D. M. Hocker conducted Exercise Monday morning and made a splendid talk, which was not only interesting but quite instructive to the pupils.

Lena McCrocklin and Ella Yates are in school again after some days absence from sickness.

Dona Westerfield and Mittie Burton are still on the sick list.

Prof. Morton made a very unpleasant announcement to six of our young men Friday morning and a similar one is likely to follow unless there is better work done.

The young ladies met and organized a Literary society Friday afternoon. They report a good enrollment and are anxious to hear from the young men. Young men do not let the young ladies beat you in this work.

Young men and young women who do not attend school are cordially invited to join these societies.

School is progressing nicely and new pupils are entering from time to time.

We are glad to note the increased interest the citizens of our town are taking in the school and take pleasure in commending them for this much needed action. It insures better work on the part of pupils and teachers and the result will be more satisfactory.

Pupils and teachers alone cannot make the school what it should be, but it requires the united efforts of patrons as well.

We hope the patrons may become aroused about the school interest of our town and that nothing will be left undone to make this years work the most harmonious and profitable in the history of the college. Bun.

Rogers-Cox.

The marriage of Mr. Chas. E. Rogers and Miss Corinne Cox was solemnized at the M. E. Church of this place Wednesday morning at eleven o'clock. Mr. Rogers is the well known clerk of Z. Wayne Griffin & Bro. while Miss Cox is the charming daughter of Capt. and Mrs. S. K. Cox. Several hundred invitations had been issued and the church, which was most beautifully decorated, was full. Many very handsome presents were received by them.

The bride looked most beautiful in a traveling dress of green cloth. They left immediately for a short trip through the East. Their many friends extend congratulations and good wishes.

The Great Railway Detective Tells What Dr. Miles' Remedies Have Done For Himself and Wife.

Dr. Miles' Remedies require constant vigilance, steady nerves, a clear head and active brain. "A year ago," writes Capt. Duffey, of 611 Orchard St., Toledo, Ohio, "I overworked myself, was in such a condition sleep was impossible. I was so nervous I could not lie in bed; my arms and limbs twitched and my system seemed completely exhausted. I began using Dr. Miles' Nerve and Brain Tonic and the fourth bottle restored me to health. Mrs. Duffey had suffered for eighteen years with heart disease, had tried every remedy without avail until she took Dr. Miles' New Heart Cure two years ago. For the past year she has been free from the trouble."

FORAKER IS CONFIDENT.

The Ohio Senator says There is no Doubt of Republican Success

Senator Foraker speaks most confidently of the probabilities of the success of the Republican party in Ohio this fall. The Senator says the situation has changed wonderfully within the last few months, and that while there was some doubt before Congress adjourned of a big Republican victory, there is none now. It has been very quiet in the State for some weeks, but next Saturday the campaign will open with a flourish and all the prominent Republicans will speak at various meetings.

The talk of an estrangement between Senator Foraker and Senator Hanna is discredited by the fact that both Senators will open the campaign at Burton, Ohio, and speak from the same platform, together with ex-Secretary of the Treasury Foster. Senator Foraker will then go into the campaign and will do much hard work. In speaking about the fight in his state, Senator Foraker says the Republicans are in excellent condition, and will go into the campaign full of confidence and harmony.

"The Republicans are enthusiastic, and we will elect our State ticket and a majority of legislators," said Senator Foraker. "That will insure the election of a Republican United States Senator to succeed Mr. Hanna, and that Senator, of course, will be Mr. Hanna himself. The prosperous condition of the people in Ohio has greatly changed the situation there, and the Republican party is getting the benefit of the boom."

"In my travels over the State I have found hardly any free silver sentiment, and, indeed, it seems only to be found in the Cincinnati Enquirer. The people are too busy now making money to listen to free silver arguments. The resolutions adopted at the recent county conventions show the change in feeling on this subject. I found the same prosperous conditions everywhere not only among the farmers and business men, but among the railroads and other industries. The boom came so suddenly that it caught all the railroads unprepared, and there is not a railroad in the country to-day that is not short of equipment and rolling stock. These have been obliged to order new cars, and you can see at once the effect. Hundreds of men have found employment; there has been a demand for iron, wood and other materials needed in the construction of cars and building of roads."

"This means work and employment for various other trades; and its effect is being felt everywhere. It is not only so with the railroads, but other industries. A great deal has been said in regard to dollar wheat. That is not the only product of the farmers that has felt the revival of prosperity, for there has been as great a rise in the price of other things in proportion as in wheat. Take, for instance, sheep. The rise in the price in sheep has been far greater than wheat in proportion, and there is not a head of sheep in this country which is not worth double the price it was before the tariff bill was passed."

"It is so with corn, oats, barley, as well as potatoes, horses and other products raised by the farmer. One has only to go out into the country to realize all that I have said. The people understand it, and in my state they are not going to be led astray by any free silver talk. Under the circumstances I don't see why the Republican victory cannot be made unanimous in Ohio."

Senator Foraker expects Secretary Sherman to speak in Ohio this fall, and says great interest is manifested in the speech he expects to make. During his stay in the city the Senator called at the State Department and had a talk with Secretary Sherman, as well as with Assistant Secretary Day. He expects to return to Cincinnati, and will go into the campaign in earnest.—[Washington Star.]

How's This?

During the last campaign Bryan's followers declared and repeated that the increase in farm mortgages was a sign of financial distress among the farmers.

They further claimed that until the United States adopted free coinage of

ELY'S CREAM BALM is a positive cure. Apply into the nostrils. It is quickly absorbed. 50 cents a bottle. Sold by all druggists. ELY BROTHERS, 66 Warren St., New York City.

silver there could be no relief for the class.

As to the first claim, we have always held the opinion that an increase in farm mortgages need not be a sign of distress as many farmers borrow money in this way to stock and improve their farms, but we are sure that in a period of financial distress that it is a virtual impossibility for these farmers to reduce their mortgage indebtedness. During the last Democratic administration there was a steady increase in the amount of farm mortgages in almost all the Western states.

But in direct answer to the demagogue's claims of the Bryanites we find in the issue of July 20, 1897, of the Mexican Financier and Weekly Herald—a paper published in the City of Mexico, and which has been an ardent champion of silver in Mexico—the following statement: Bryan's own state, Nebraska, is disappointingly prosperous, having reduced its farm mortgages \$28,000,000 in the last half year.

But this does not astonish Republicans for they prophesied all these good things last fall.

Vote with the men who love farm mortgages and bring prosperity.—[Ex.]

Wedding Fads.

In fashionable circles the old custom, which had long gone out of use, in presenting an engagement cup, has been revived. These engagement cups are shaped like small globes and as dainty as flowers. On the exterior is enameled a copy of some mythological character, with Cupids galore and garlands of forget-me-nots. On the bottom concealed with the factory mark is a motto appropriate to the occasion of the giving.

The announcement entertainment is another fad. This used to be the inviting of relatives and intimate friends to a dinner at the home of the bride. The fad now is in cities to visit the theater in the evening and follow it after the entertainment with a dinner or supper at some one of the clubs. Of course these things are not necessary, but if you want to swim in society you must do what your society associate do.

How Consistent

"Was the convention of August 23 a Populist convention? We say it was not. Several weeks prior to the convention there was a committee appointed to confer with the Democratic and Republican parties with a view to fusion. This committee failed to effect a fusion with the Democrats, turned their attention to the Republicans. This, to our minds, was simply a committee of conference, and had no power to make final arrangements with any member had. It was empowered to take the initiative step, then refer the matter back to the members of the party for their ratification or rejection. Was this done?"

Just before going to press to day a member of the People's party committee on forming a co-operation Citizens' ticket called on The Citizen and requested us to publish the following correction to the above article, published in this week's Farmers Journal:

The above is either ignorance or is willfully published to deceive the people. The convention appointed a committee of seven to make the following proposition to the Democratic committee: The People's Party to get county judge, legislator, State senator, and half of the magistrates in the county, and the whole to be run under the device of "16 to 1," and if the Democrats refused then the same committee was authorized to make the following proposition to the Republican party: That in consideration that the Populists get the county judge, jailer, assessor, legislator in the state senator, seven magistrates and seven constables, the Republicans could have the balance of the offices, provided that all candidates be run under the head "Citizens Ticket" with a device of The House. The Republicans accepted the proposition having been made by the People's Party convention itself, did not require further ratification. But, friends, look at the Journal's Ohio county ticket. The county committee, without any instruction from the county convention, agreed to deliver the People's Party over to the Democrats, agreed that the People's Party of Ohio county should vote the Democratic ticket. The county convention did not instruct the committee to make any such propositions and said propositions was never referred back to the People's Party for their ratification or rejection, and yet the Farmers Journal keeps this ticket at the heart of its columns. I have learned that Mr. Worsley, the publisher, stated to and influential man of our county that the Democrats made up the money that enabled him to purchase the Journal. For that reason you can see why the Journal advocates the Democratic ticket and opposes the Citizens' ticket. Some have dubbed the Journal "Owensboro Messenger, Jr.," so you need not be surprised at anything you may see in the Journal.—[Committee man in The Citizen.]

From a Democratic Standpoint.

The Louisville Dispatch speaks as follows of Jo A. Parker, the Populist candidate:

Candidate Jo Parker harranged the people of Shelbyville last county court day, and drove from his party a number of Populists who had determined to support him. Joseph's disguise was too thin. His speech from start to finish abounded in abuse of the Democratic party. Those who suffered the sore affliction of listening to that speech say that he never referred to Republican mismanagement of state affairs, nor to any of the overt acts that have characterized Republican occupation of the state offices. It's a mean man who will attempt to criticize the character of his employer, and why should Democrats worry when Jo Parker fails to show up the Republican party in its true light?

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness of womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; a sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, and the great kidney, and bladder remedy is soon realized. If you need a medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention the HARTFORD REPUBLICAN and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

Guaranteed tobacco habit cure makes weak men strong, blood pure. 50c. All druggists.

AN OPEN LETTER To MOTHERS.

WE ARE ASSERTING IN THE COURTS OUR RIGHT TO THE EXCLUSIVE USE OF THE WORD "CASTORIA," AND "PITCHER'S CASTORIA," AS OUR TRADE MARK.

I, DR. SAMUEL PITCHER, of Hyannis, Massachusetts, was the originator of "PITCHER'S CASTORIA," the same that has borne and does now on every bear the fac-simile signature of *Chas. H. Fletcher* wrapper. This is the original "PITCHER'S CASTORIA," which has been used in the homes of the Mothers of America for over thirty years. LOOK CAREFULLY at the wrapper and see that it is the kind you have always bought and has the signature of *Chas. H. Fletcher* on the wrapper. No one has authority from me to use my name except The Centaur Company of which Chas. H. Fletcher is President.

March 8, 1897. Samuel Pitcher, M.D.

Do Not Be Deceived. Do not endanger the life of your child by accepting a cheap substitute which some druggist may offer you (because he makes a few more pennies on it), the ingredients of which even he does not know.
